CHALLENGES: How Compass Languages helps Clients

COMMUNICATION: Compass aids companies in appropriately adapting clients' messages for regional markets by addressing the linguistic and technical challenges of audio and video localization.

TIME: By working in parallel with the company's key localization vendor, we reduce the time to market and preserve linguistic quality.

FORMAT: By appropriately realigning video and animation frames with audio we match the original timing to new languages.

CULTURE: By rectifying culturally offensive language and imagery we preserve your brand and help to grow your market.
